

Aerospace Bonding Adhesives - Page 1 -

Hysol® Aerospace bonding solutions

The Loctite® Hysol® product range comprises one and two component epoxy resins that offer improved clarity, less odour, better flow, high strength and great durability.

Loctite® Hysol® products are able to bond many substrates including metals, glass, ceramic, wood and most plastics.

These materials create the opportunity to build advanced lightweight constructions enabling higher speeds and lower fuel consumption.

The Loctite® Hysol® adhesives are approved and specified by engineers and designers worldwide and offer unchallenged performance and consistency for even the most demanding applications in the aerospace and high-tech industries.

The Hysol® line of products also complies with the latest environmental legislation, delivering "Green" and lead-free compatible materials as the industry moves toward more environmentally-friendly manufacturing

Interturbine Aviation Logistics GmbH is your **ONE STOP SOURCE** for the entire Loctite® Hysol® product range (view second page).

Interturbine also stocks and distributes aerospace adhesives and epoxy resins from other manufacturers.

In addition Interturbine supplies other materials such as fabrics, pre-pregs, honeycombs and all related products and materials that are used for manufacturing and repair of composites assemblies and components.
