

Interturbine Aviation Logistics GmbH is recognized around the world as a supplier for maintenance materials such as oils, greases, lubricants, coatings, hydraulic fluids, tapes adhesives etc. to the wind energy industry, consolidating more than 500,000 part numbers from 2,500 sources.

Interturbine Aviation Logistics' innovative material service concept provides a **ONE STOP**

SOURCE for immediate supply on call; supplying wind turbine manufacturers, repair service companies and maintenance centers alike.

Interturbine's international supply network ensures a quick service for fastest material availability.

As distribution partner of Mankiewicz, Kema®, LPS, Rocol, Shell, ExxonMobil, Total, Nycoco, Castrol, BP, Dow Corning, 3M and other manufacturers (see next page at the bottom). Interturbine Aviation Logistics GmbH offers technical industrial products for the repair and maintenance of windmills, e.g.:

- **Mankiewicz ALEXIT®-BladeRep Coating System**

ALEXIT® products for wind turbine blades are approved by major wind turbine manufacturers.

- **Kema® aerosols for professional use**

- **KemLock® adhesives and thread locking**

- **KemCare® cleaning and maintenance wipes**

- **KemKote® anti-seize, greases and assembly paste**

The Kema® products are approved by Vestas and Siemens Wind Power A/S.
