

Press Release

Interturbine-MES is certified according to KTA 1401 and IAEA 50-C-Q

Kaltenkirchen / Germany, March 2011

At the beginning of February 2011 the processes and the quality management system of Interturbine-MES GmbH was audited according to the compliance with the very strict German and European regulations for nuclear power plants KTA 1401 and IAEA 50-C-Q. The audit was performed by the world leader in the design and construction of nuclear power plants AREVA NP GmbH, an AREVA and Siemens company.

AREVA NP checked and analyzed all processes, especially the engineering and manufacturing processes, in detail. Interturbine-MES GmbH has passed this audit successfully and received the certificate.

It has been confirmed that Interturbine-MES fulfills the conditions for engineering and manufacturing of complex switchgear, controls, distribution boards, as well as installation, commissioning and service and repair, software and IT-solutions and process visualizing.

The Interturbine-MES services range from conception and design, through manufacturing and commissioning complex control systems and power distribution systems. Interturbine-MES also offers maintenance, retrofit and upgrade concepts for the MES as well as third-party products and brands. Worldwide supply of components and spare parts, as well as repairs and emergency assistance around the clock complete the services Interturbine-MES offers to serve customers' needs.

Confirmation

This is to confirm that
